Torso Table Lamp, 37

BY KRØYER-SÆTTER-LASSEN

Inspired by the homes of their grandmothers, filled with atmospheric objects from bygone eras and shaped by the human hand, Mads Sætter-Lassen and Emil Krøyer from the design studio Krøyer-Sætter-Lassen have created the Torso Table Lamp.

Connecting the past to the present, the portly iteration profiles a raw stoneware base that is gently rounded for a soft expression suited to any interior setting, in pairs as a cosy touch in a hotel lobby or solo as an illuminating presence in a private living room. Fitted with LED-technology for the ultimate in energy-saving light control, the lamp's tactile linen shade diffuses the light, while the sleek brass touch dimmer allows you to select the right ambience to suit the mood.

"Infusing modernity into its classic form, the Torso Table Lamp awakens memories from homes you have loved to visit, while offering the newest technology for the best possible user experience. The intriguing combination of materials champions ceramic, canvas and brass, creating the perfect balance between hard and soft to result in a tangible design experience."

A Sense of Community

MENU has always been fascinated by the way in which individuals and spaces can be united through great design. In our pursuit to craft furniture, lighting and interior accessories shaped by purposeful details, high-quality materials and human needs, we create strong and lasting relations between designers, manufacturers and customers. The sense of community that results from this union of like-minded individuals fosters a deeper sense of belonging – and products that stand the test of time, inviting human connection, inspiration and experimentation to push the boundaries of modern design. We truly believe that when we work collectively, we achieve more than we do individually: the sum of our work and of our connections is always greater than its parts, and our softly minimal designs and collaborative spirit help to join the dots between the home, the workplace and the service industry, redefining how we use space and, ultimately, how we connect to those around us.

MENU at The Audo

MENU's showroom is located at The Audo, a unique concept that masterfully unites co-working and event facilities, a café, restaurant and retail area, as well as an exclusive residence in a single, community-building universe. MENU's portfolio of furniture, lighting and accessories are presented and experienced here in new and authentic ways. Redefining how we use design, space and, ultimately, how we connect to one another, the creative destination is a hub for powerful ideas, beautiful design and inspiration.
