CARE GUIDE — METALS

HOW TO CLEAN/POLISH

POWDER COATED IRON / STEEL / ALUMINIUM

To get rid of dirt and dust, mix a mild detergent with warm water. Dip a lint free cloth into the water & wipe the item down with the cloth. If necessary, wipe the item dry with a soft dry cloth.

(Avoid scraping or rubbing the powder coating with an abrasive cloth that could damage or remove the coating from the surface)

CARE GUIDE — GLASS & MIRROR

HOW TO CLEAN / POLISH

GLASS

Make sure the glass is clean for dust and dirt on all surfaces before you begin polishing. You can remove lime scale by using vinegar added water. Spray glass cleaner or hot water on the item. Use a dry cloth to spread the cleaner and wipe the item dry and shiny.

(Avoid rubbing with an abrasive cloth, that it could damage the surface. Keep in mind that some cleaning products will leave streaks on glass, so make sure to use one designed specifically for glass.)

STORYTELLING

FUMI TABLE / BY AYTM DESIGN TEAM

FUMI is an elegant range of tables, coffee tables and a console table that look very light with their black iron frames and tabletops made of glass. FUMI comes in different shapes and can be used separately or together.
