# SERENE FLOWERPOT

The Serene Flowerpots are handmade of terracotta and glazed with Engobe. Small differences in shape and color may occur.

The flowerpots are glazed on the inside with a silicone layer making them waterproof. The flowerpots ability to contain water may deteriorate over time. Always test the flowerpots ability to contain water before use.

Use a damp cloth to clean the flowerpots surface. Don't clean them using a dishwasher. The Serene Flowerpots are not suitable for outdoor usage. Not frost-proof. Avoid sudden temperature changes, as a thermal shock can cause cracks in the material.

Arrange the flowerpots carefully to prevent scratching their surface.

Decoration use only!
