Product description:

The Aymara textile line is following Nordic design traditions but is made of the finest and purest alpaca wool from the highlands of North Bolivia and produced by highly skilled craftsmen in Bolivia. This combination results in a simple yet eminent product line. The textiles are made of 100 % pure alpaca with no use of other wool. They come only in natural colours of alpaca, with no dyeing process being involved. The textiles are knitted like a cosy sweater and not woven like traditional interior textiles. The plaid brings extra luxury for your home and personal comfort.

Designer's thoughts:

"The design is inspired by our trip to Bolivia. An interesting meeting with a rich and colourful culture with a long tradition and expertise within alpaca fibre. The impressions and respect combined with the Nordic design background resulted in a textile line in soft colours and a graphic expression." – Herman Studio
