Hook Wall Coat Rack

Product facts

Materials

Frame	Powder coated steel (black)	
Knobs	Wooden	Metal
	Solid oak	Steel
Finish	Oiled	Powder-coated

Technical features

Frame

Hook Wall Coat Rack's frame is made from bent steel rods. It has a powder-coated and fine structure granulated surface finish available in black color.

Metal knobs

Smaller steel knobs are welded to the frame structure and also available only in a black powder-coated finish, while the larger steel knob has three color options (black, green, pink) and is used for mounting, as well as a wooden knob.

Wooden knob

The solid oak knob has a metal base in the same powder-coated color as the larger metal knob. The wooden part has laser engraved branding on the inside and is available in a plant-based Hardwax oil finish (white oil color), which retains the wood's natural state. Hanger bolts and plastic dowels needed for mounting are included in the packaging.

Cleaning

Please see [Product](#) or [Material](#) page on our website.

Notes to consider

Variations

Natural variations in wood color and surface may occur. Regular maintenance will ensure the wood preserves its authentic beauty and can last for generations.

Product changes

Please note that Gazzda reserves the right to alter construction and design without notice.

Dimensions (tolerances)

The dimensions shown are indicative, they may vary due to the natural properties of wood, season, or manufacturing processes. Deviations from the specified size may occur, usually no more than 1 cm.
