

# AAC 253

PRODUCT FACT SHEET

## AAC 253

DESIGN BY HEE WELLING, 2022

The AAC 253 counterbalances the high functionality and modern expression of the five-legged castor base with the softness of the upholstered shell. Retaining the fundamental idea shared by the AAC collection, this model is characterised by a curved shell with a slightly higher back. Designed with optimal functionality in mind, the shell construction offers a deep, generous seat that combines inviting aesthetics with a high level of comfort, whilst the lower armrests provide good support and enable the chair to fit underneath a table or desk. The base is designed with a gas lift that can adjust the seat height and is available in either polished or powder-coated aluminium, with the shell offered in a variety of regular and quilted upholstery options. The multitude of variants and design combinations give this series great versatility in a wide range of corporate, public, and private contexts.

### HIGHLIGHTS

- Part of a multi-functional indoor family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- The curved shell has a slightly higher back and a deep generous seat.
- Lower armrests offer good support, whilst enabling the chair to fit underneath a table.
- All shells are made from 100% recycled post-consumer plastic.
- The 5-legged base is equipped with a semi-automatic gas lift.
- Adjustable seat height varies from 44 to 56 cm
- Available with full upholstery, a standard and a soft quilted version in all standard fabrics and leathers.
- The 5-star base comes in two finishes.
- Other base options are: Moulded plywood base, solid wood base, 4-star swivel base and 4-leg steel tube base.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.
