STORYTELLING

CASTELLUM LED LAMP / BY AYTM DESIGN TEAM

The decorative Castellum lamp is inspired by the Danish Church in Bispebjerg, Grundtvigskirken. The powder coated steel gives the table lamp a solid finish, representing strength and stability – just like castle gates and church portals. The white plastic profile allows the dimmable LED light inside to shine through. Drawing associations to the sun in the sky as well as the round window by the entrance of Grundtvigskirken, the gold-plated ball functions as the ON/OFF switch. Raising the ball towards the top will increase the light gradually.
