

Design House

Stockholm

We are Design House Stockholm. Our vision is to democratize design, by being the premium brand as a publishing house for Scandinavian design – a catalyst for creativity. We explore, refine and push the boundaries for the natural resource Scandinavian design. This is our homage to creativity. The term ‘Scandinavian’ refers to a philosophic and aesthetic perspective, rather than geography and nationality.

We distinguish ourselves as a publishing house, rather than a conventional producer. Since 1992 we have been inviting new and upcoming as well as established designers, and knowledgeable manufacturers, to collaborate with Design House Stockholm. By being curious and listening, we explore and curate the most innovative Scandinavian design. Our products’ reason for being is always about function and details, where our principles for sustainability permeates the whole business – longevity over generations in products, materials, and production as well as in our sales, client and supplier relations. In collaboration with our skilled producers and designers, we push the boundaries for the concept of design. It’s in the team’s collective knowledge where the moment of creative magnetism arises.

Design House Stockholm is all about quality and timelessness, yet personality and attitude – design with a quest for an inner spirit, not just outer shapes. Our design can be unexpected and challenging, it can arouse surprise, but will always create a sense of excellence in the midst of the everyday life. We call it contemporary design poetry.

Basket Rug

DESIGN: Lena Bergström **PUBLISHED:** 2018 **DESCRIPTION:** Sharp angles and soft transitions play the roles in a shadow play that is both illusion and reality. Lena Bergström once again finds inspiration in her beloved Norrland. The rugs graphic pattern pays homage to old handicraft traditions such as birch bark baskets and rucksacks. The unique handicraft and techniques of weaving and cutting creates a trompe l'œil of those traditions. It comes in four sizes but can be customized as a special order in other sizes. **MATERIAL:** Handtufted carpet 100% wool, cotton backing. **CARE:** Vacuum clean regularly to remove particles in the wool. Spots can be removed using a clean cloth with lukewarm water. Do not allow the wool to become soaked. We recommend using a qualified rug specialist for cleaning. Flat wash/flat dry. **MADE IN:** India.

Björk Rug

DESIGN: Lena Bergström **PUBLISHED:** 2009 **DESCRIPTION:** Lena Bergström's Björk collection is based on the natural shifting tones of wool. The expression in the woven structure is inspired by the black and white trunk of the birch tree ('Björk' in Swedish) and the leather represents the inside of the bark. The Björk collection is based on a weft in wool, combined with details in leather. Wool is known not only for its softness, but also for its built-in resistance to soiling thanks to its natural oils. All Björk products are hand-woven pieces of handicraft, making every product unique. **MATERIAL:** 100% wool with leather edging. **CARE:** When cleaning the rug we recommend using a qualified rug specialist. Small stains on wool may be removed with water. If creases appear, steam the rug with steam iron while flat. **MADE IN:** India.

Fields Rug

DESIGN: Lena Bergström **PUBLISHED:** 2016 **DESCRIPTION:** Lena has continued to work with the same mottled effect that she used in her Björk rugs and this time, too, she has found her inspiration in nature; endless fields that spread like a collage across the landscape in gentle colours. She has paid much attention to the way in which the different coloured threads are interwoven and how the areas of different colours lie in relation to each other. And once again she has made use of leather edging. The Fields collection is based on a weft in wool, combined with details in leather. Wool is known not only for its softness, but also for its built-in resistance to soiling thanks to its natural oils. All Fields products are hand-woven pieces of handicraft, making every product unique. **MATERIAL:** 100% wool with leather edging. **CARE:** When cleaning the rug we recommend using a qualified rug specialist. Small stains on wool may be removed with water. If creases appear, steam the rug with steam iron while flat. **MADE IN:** India.

Pleece Collection

DESIGN: Marianne Abellsson **PUBLISHED:** 1997 **DESCRIPTION:** Fashion fades, only style remains the same. Created in 1997 by Marianne Abellsson, the Pleece collection has changed very little over the years. Some models have been added. The colours change slightly as the seasons come and go. But it's still based on the same timeless simplicity and quality that never goes out of style. The fabric is still pleated in Borås, Sweden. And it is still one of Design House Stockholm's best selling products, sold in MoMA Store, New York, for 15 years. **MATERIAL:** The Pleece collection is made by a unique blend of 75% polyester and 25% viscose, that sets it apart from other fleece fabrics. Also, the pleating process gives the fleece extra volume and softness. Suitable for both men and women, for indoor and outdoor use alike. **OTHER INFORMATION:** Wash cold (40°C) with similar colours, dry flat. The textile retains its pleating after washing. When worn and washed, pilling may occur. **MADE IN:** Sweden.

Collabs

Design House Stockholm collaborates on an exciting project with its roots in the world of literature. In collaboration with Astrid Lindgren AB, Astrid Lindgren's thoughtful words are now being launched on a series of colourful ceramic mugs. Astrid's words are engraved on the mugs in the collection. No other author has so many quotations that resonate with so many people, generation after generation. Some of the quotations can be recognised from Astrid's well-loved characters, while others are her own. To add an element of surprise, the different characters the quotes belong to are featured inside the mugs. You might be thinking a mug is just a mug, but these mugs are messengers that carry Astrid's warmth and wisdom.

A collaborative venture involving Elsa Beskow's estate, publishing house Bonniers and Design House Stockholm. The endearing stories by the children's book author and illustrator Elsa Beskow have been interpreted by Catharina Kippel, a designer who has worked with Design House Stockholm right from the beginning. Using visual quotations from Elsa Beskow's works Catharina stresses the humour with which Elsa so typically portrays people and nature.
