PRODUCT FACT SHEET

HAY

AAC 127 SOFT DUO

DESIGN BY HEE WELLING, 2020

The AAC 127 Soft Duo fuses a soft quilted shell and contrasting materials with the sleek, elegant aesthetic of the four-legged steel frame. Retaining the same high backrest and generous seat that characterises the series, this design features a functional base with legs that slant slightly outwards for optimal stability. The base is available in chrome and powder-coated finishes, and the quilted shell is offered with two different textiles or leathers to create a unique look that works equally well in corporate, public, or private contexts.

HIGHLIGHTS

- Part of a multi-functional family of dining and conference chairs, office chairs, bar stools, lounge chairs, tables, an ottoman and a sofa.
- Soft quilted upholstery in selected fabric and leather combinations on front and back.
- Variety of textiles and base finishes.
- Other base options are: 4 star swivel base, moulded plywood base and 5 star swivel gas base.
- Other upholstery options are: a non-quilted full upholstery in a large selection of fabrics and leathers or a soft quilted version with added wadding in a large selection of fabrics and leathers.
- Suitable for a wide variety of private and public environments.
- Qualified for contract use.

DIMENSIONS

WIDTH 62 CM
DEPTH 59,5 CM
HEIGHT 86 CM
SEAT HEIGHT 47,5 CM
SEAT WIDTH 45 CM

MATERIALS

SHELL

10 mm injection moulded polypropylene with 10% glass fibre. Full upholstered.

FOAM

15 mm cut foam, 15 mm super soft cut foam and 40 mm wadding.

BASE

4-star swivel base in cast aluminium.

GLIDER

Plastic. Standard on all variants. Suitable for all floorings that are not too sensitive.

SUSTAINABILITY

HAY focuses on developing long-lasting products that minimise our environmental impact. We optimise the use of sustainable materials such as recycled materials, FSC-certified wood and water-based lacquer, with a growing number of eco-certified products. We have strict regulatory requirements, and the majority of our products are tested to comply with international standards for strength, durability and safety.
