Technical features

Wooden base

The solid oak wooden base in three sizes is made with a woodturning lathe technology. It has a metal insert from the backside for an easy mounting on a wall (hanger bolt and plastic dowel needed for mounting are also included).

Finish

The wooden base is available in plant-based Hardwax oil finish (white oil color), which retain the wood's natural state.

Mirror glass

CNC edged and 4 mm thick round mirror glass is glued and precisely positioned on a wooden base, intentionally creating the little gap between the mirror glass and wooden base edge.

Cleaning

Please see [Product](#) or [Material](#) page on our website.

Notes to consider

Variations
