

FLOW | SHELF

Designed by Lasse Sortkjær

A FLOWING SHELF FOR THE WALL

Flow™, the new shelf that is flowing like waves on the wall – hence the name. Flow™ is the result of a designer's play with composition and materials, creating a strong visual attraction, while providing a steady functionality. A humble yet unconventional design.

"I wanted to challenge and confine the use of materials in the design to see how little is enough. My inspiration was trees growing in the forest. Trees are strong at the stem, but light and delicate at the twigs, just like Flow™" – Lasse Sortkjær, designer.

Flow™ is an artistic design piece and just by putting a few of your favorite objects on show, you will create a visual attraction to your living space. Flow™ comes in solid black stained ash, where the natural wooden surface shows, adding a warm appearance to the design.
