Design.

Publishing ideas since 1992

We have distinguished ourselves as a publisher of design rather than a conventional producer, working in the same way with designers that publishing houses work with authors. Rather than selecting a designer to make a specific product, all designers are invited to bring their personal ideas. Some of these ideas are selected for development and production. We look for products that add something new to their genre. Products with personality and character.

Design House Stockholm work with both established and unknown designers. Our focus is on developing great products rather than name-dropping. When we first met Harri Koskinen, he was still an unknown student in Helsinki, but he had an amazing idea. An idea that would generate a worldwide success – the Block Lamp.

Our ambition is to gather a collection of the very best Scandinavian design today. The term ‘Scandinavian’ refers to a philosophic and aesthetic perspective, rather than geography and nationality: we have French, German, Australian, American and Chilean designers in our network. The result is a collection of design classics with timeless appeal and qualities that outlives temporary trends.

Our collection is divided into the following categories: Furniture, Home Textiles, Lighting, Kitchen, Fashion, Design Objects and the Collab Collection consisting of Elsa Beskow and Astrid Lindgren.

Basket Rug

Basket Rug

DESIGN: Lena Bergström **PUBLISHED:** 2018 **DESCRIPTION:** Sharp angles and soft transitions play the roles in a shadow play that is both illusion and reality. Lena Bergström once again finds inspiration in her beloved Norrland. The rug's graphic pattern pays homage to old handicraft traditions such as birch bark baskets and rucksacks. The unique handicraft and techniques of weaving and cutting creates a trompe l'œil of those traditions. It comes in four sizes but can be customized as a special order in other sizes. **MATERIAL:** Handtufted carpet 100% wool, cotton backing. **CARE:** Vacuum clean regularly to remove particles in the wool. Spots can be removed using a clean cloth with lukewarm water. Do not allow the wool to become soaked. We recommend using a qualified rug specialist for cleaning. Flat wash/flat dry. **MADE IN:** India.

Björk Rug

DESIGN: Lena Bergström **PUBLISHED:** 2009 **DESCRIPTION:** Lena Bergström's Björk collection is based on the natural shifting tones of wool. The expression in the woven structure is inspired by the black and white trunk of the birch tree ('Björk' in Swedish) and the leather represents the inside of the bark. The Björk collection is based on a weft in wool, combined with details in leather. Wool is known not only for its softness, but also for its built-in resistance to soiling thanks to its natural oils. All Björk products are hand-woven pieces of handcraft, making every product unique. **MATERIAL:** 100% wool with leather edging. **OTHER INFORMATION** Packaging: Leather strings and plastic bag. **CARE:** When cleaning the rug we recommend using a qualified rug specialist. Small stains on wool may be removed with water. If creases appear, steam the rug with steam iron while flat. **MADE IN:** India.

Fields Rug

DESIGN: Lena Bergström **PUBLISHED:** 2016 **DESCRIPTION:** Lena has continued to work with the same mottled effect that she used in her Björk rugs and this time, too, she has found her inspiration in nature; endless fields that spread like a collage across the landscape in gentle colours. She has paid much attention to the way in which the different coloured threads are interwoven and how the areas of different colours lie in relation to each other. And once again she has made use of leather edging. The Fields collection is based on a weft in wool, combined with details in leather. Wool is known not only for its softness, but also for its built-in resistance to soiling thanks to its natural oils. All Fields products are hand-woven pieces of handicraft, making every product unique. **MATERIAL:** 100% wool with leather edging. **OTHER INFORMATION:** Packaging: leather strings and plastic bag. **CARE:** When cleaning the rug we recommend using a qualified rug specialist. Small stains on wool may be removed with water. If creases appear, steam the rug with steam iron while flat. **MADE IN:** India.

Bonsai Room Diffuser

DESIGN: Takafumi Nemoto **PUBLISHED:** 2019 **DESCRIPTION:** The tree sculpture stands centred in the lidded vase. The wicker sticks absorb the fresh-scented oil – which doesn't spread a heavy perfume, just the sense of a newly aired room. Place the sculpture with dried plants, or live ones, or with a stylish still life of your favourite things. You'll enjoy not only a refreshing fragrance, but a graceful sculpture with a traditional style and a brand-new design. An ingenious meld of Scandinavian and Japanese. Takafumi Nemoto worked with us to develop the fragrance. Bonsai has a discreet floral scent with notes of green tea and bergamot and a hint of sweetness from mandarin and orange. The central tone is gently herbal, with fresh forest scents and a hint of musk and amber. **MATERIAL:** Fragrance Tree: Natural rattan. Ceramic Vase: Stoneware. Fragrance: Alcohol derat, water (aqua), dipropylene glycol, fragrance. **MADE IN:** China (Fragrance Tree) & Thailand (Ceramic Vase and Fragrance).

BonBon Vase

DESIGN: Eva Schildt **PUBLISHED:** 2018 **DESCRIPTION:** Eva Schildt often has nature and its forces in mind when designing. She continues on the theme of plants and flowers with a design object that will compete with the beauty of the flower itself. **MATERIAL:** Mouth-blown glass.

Astrid Lindgren & Elsa Beskow

Design House Stockholm collaborates on an exciting project with its roots in the world of literature. In collaboration with Astrid Lindgren AB, Astrid Lindgren's thoughtful words are now being launched on a series of colourful ceramic mugs.

Astrid's words are engraved on the mugs in the collection. No other author has so many quotations that resonate with so many people, generation after generation. Some of the quotations can be recognised from Astrid's well-loved characters, while others are her own. To add an element of surprise, the different characters the quotes belong to are featured inside the mugs. You might be thinking a mug is just a mug, but these mugs are messengers that carry Astrid's warmth and wisdom.

A collaborative venture involving Elsa Beskow's estate, publishing house Bonniers and Design House Stockholm. The endearing stories by the children's book author and illustrator Elsa Beskow have been interpreted by Catharina Kippel, a designer who has worked with Design House Stockholm right from the beginning. Using visual quotations from Elsa Beskow's works Catharina stresses the humour with which Elsa so typically portrays people and nature.

Astrid Lindgren Mug

DESIGN: Design House Stockholm Studio **PUBLISHED:** 2018 **DESCRIPTION:** The product reflects upon the work of Astrid Lindgren. Written in stone on the mugs are her famous words, some quotes are her own and some have been said by one of her many characters. You will most likely find one that you can identify yourself with or perhaps with the person you're giving the mug to. **MATERIAL:** Stoneware. **OTHER INFORMATION:** Capacity: 35 cl (11.8 fl. oz.). Microwave and dishwasher safe. **MADE IN:** Thailand.

Pleece Collection

DESIGN: Marianne Abellsson **PUBLISHED:** 1997 **DESCRIPTION:** Fashion fades, only style remains the same. Created in 1997 by Marianne Abellsson, the Pleece collection has changed very little over the years. Some models have been added. The colours change slightly as the seasons come and go. But it's still based on the same timeless simplicity and quality that never goes out of style. The fabric is still pleated in Borås, Sweden. And it is still one of Design House Stockholm's best selling products, sold in MoMA Store, New York, for 15 years. **MATERIAL:** The Pleece collection is made by a unique blend of 75% polyester and 25% viscose, that sets it apart from other fleece fabrics. Also, the pleating process gives the fleece extra volume and softness. Suitable for both men and women, for indoor and outdoor use alike. Pleated fleece: 75% polyester, 25% viscose. **OTHER INFORMATION:** Wash cold (40°C) with similar colours, dry flat. The textile retains its pleating after washing. When worn and washed, pilling may occur. **MADE IN:** Sweden.
