## HAY COTTON LINEN COLLECTION 2020

The HAY Spring 2020 textile collection comprises rich textiles with a substantial feel, big basket-weave like structures, and subtly abstract patterns that are a fresh addition to our existing range. The inclusion of linen in three of the textiles offers a light, natural touch. Overall, this collection is ideal for use as luxurious upholstery on large products such as sofas or lounge chairs.

# LINT

Distinguished by small textural standouts that contribute to an uneven and tactile surface, Lint is elegant and classic while not cold, gaining warmth from its inviting feel and from the imperfection and asymmetry of the surface.

### MATERIALS

COMPOSITION / 40% Acrylic, 28% Cotton,  
19% Viscose, 8% Linen, 5% Polyester

DURABILITY / 18.000 Martindale

LIGHTFASTNESS / 5

# SWARM

This textile has an interesting, multi-coloured surface which is very soft though it has the thick quality of wool. Its delicately textured surface makes it well suited for warmer countries, who might nonetheless want a textile with some heft and weight.

## MATERIALS

COMPOSITION / 31% Acrylic, 17% Cotton,  
8% Linen, 36% Polyester, 8% Viscose

DURABILITY / 28.000 Martindale

LIGHTFASTNESS / 5

PILLING / 3-4

FIRE TESTS / EN 1021-1/2 with FR treatment

PRICE GROUP / 1

## COLOURS

Multicolour

# LINEN GRID

Made from 100% linen comprising European-sourced flax fibers, the structure of this heavy basket weave is exceptional, not only in its look and feel but in its sustainable profile. Its luxurious surface and texture lend depth to any upholstered furniture, be it sofa or a lounge chair, and it is available in three rich colors: dark beige, blue, and Adriatic blue.

## MATERIALS

# NEVADA LEATHER

NEVADA is a full-grain, vacuum-tanned, aniline leather which is tanned free of chrome (FOC). The hides are smooth and firm, but at the same time supple with an exceptional grain. NEVADA is perfect for production and upholstering of architect-designed classics. Visible insect bites, healed wounds and fat stripes contribute to the exclusive look of the leather.
