Please do not use any chemicals to clean the stones. Never use dusting sprays or abrasive cleaners. The stones are cleaned using a hard wrung cloth.

Please be careful when piling the stones. If the stones are not in perfect balance the stone pile will fall apart and tumble down. Take into account that a gust of wind, a slamming door or touching the product can make the stone pile fall apart.

It is your responsible to arrange the Rock Pile Sculpture in a way that it doesn't damage anyone or anything if falling. Kristina Dam Studio can not be held responsible or liable for any claims or damages being the result of the rock pile falling apart.
