<i>PACKAGING WEIGHT</i>	.....	38 kg

## *VARIATIONS*

BLACK  
Art. No.  
500740050083

BROWN  
Art. No.  
500740795083

## ***CARE GUIDE — MIRROR***

### ***HOW TO CLEAN / POLISH***

#### ***MIRROR***

Make sure the mirror is clean for dust & dirt on all surfaces before you begin the cleaning. If the mirror is extremely stained use vinegar added water on a cotton pad to wipe of the dirt. Spray glass cleaner on the item. Use a dry microfibre cloth to spread the cleaner and wipe the item dry and shiny.

*( Avoid rubbing with an abrasive cloth, that it could damage the surface. Keep in mind that some cleaning products will leave streaks on glass, so make sure to use one designed specifically for glass )*

# ***STORYTELLING***

## ***SPECULUM TABLE / BY AYTM DESIGN TEAM***

A simple box shape is made much more interesting with mirrors covering its surface. The illusion of space and lovely reflections are the perfect result of the Speculum tables and candleholders. Add colours to the mixture and the result will be even more interesting.
